MEMORANDUM FOR: Chief, Security Analysis Group

VIA: Deputy Director of Security (PSI)

FROM:   
Director of Security

STAT

SUBJECT: DCI Security Committee - Unauthorized  
Disclosure Analysis Center

1. The purpose of this memorandum is to reaffirm my interest in the SECOM Unauthorized Disclosure Analysis Center. This operation has a great deal of potential, and it would be disappointing to see it wither and die on the vine for lack of proper support.

2. I am aware of and grateful for SAG's participation thus far in this program. Chairman, SECOM, has noted that SAG is currently the biggest contributor; I would like for those contributions to continue. In this regard, I would ask that SAG set up a weekly review to ensure that unauthorized disclosure reports are submitted promptly to the Unauthorized Disclosure Analysis Center, and that none have been delayed or overlooked.
